Hatua ya password baada ya namba kuthibitishwa.

2. Dashboard / Home Back to TOC

Muhtasari wa biashara yako kwa haraka.

Dashboard halisi ya Orvix Mobile.

Hatua kwa hatua

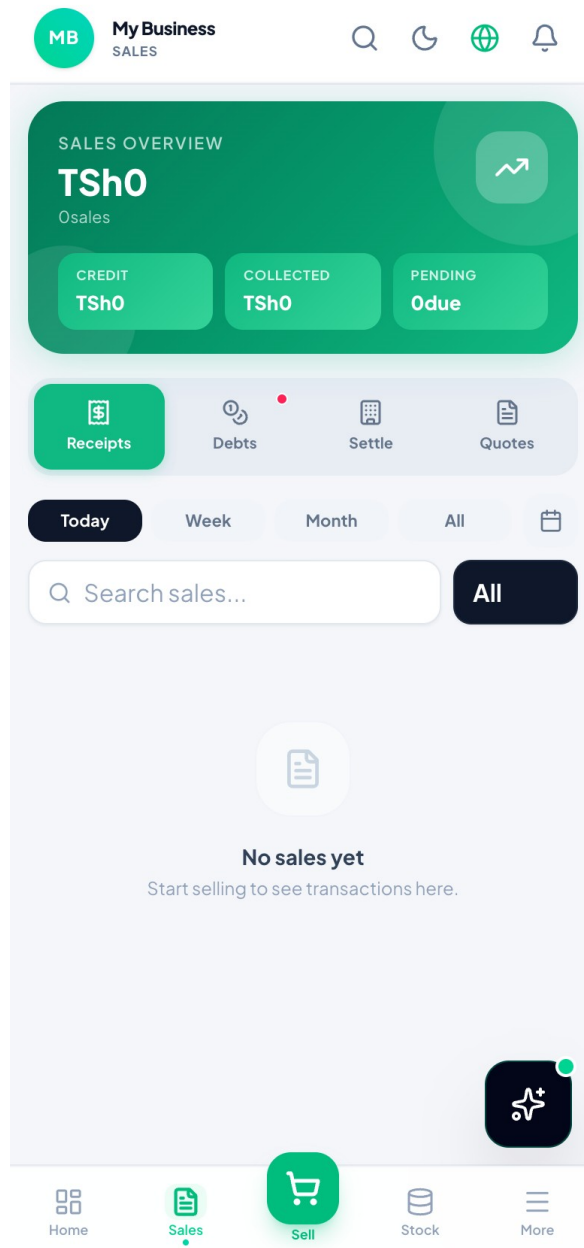

5. Angalia Total Orders, Today Sales, Purchases, Profit, Expenses na Dues Owed.
6. Bonyeza “Open Sell Screen” kuanza kuuza mara moja.
7. Tumia tabs za chini: Home, Sales, Sell, Stock na More.

KUMBUKA

- Takwimu hubadilika kulingana na branch na muda uliochaguliwa.
- Alama ya globe hubadilisha lugha.

3. Sales Back to TOC

Orodha ya mauzo, risiti na utafutaji wa transaction.

Sales screen kwenye simu.

Hatua kwa hatua

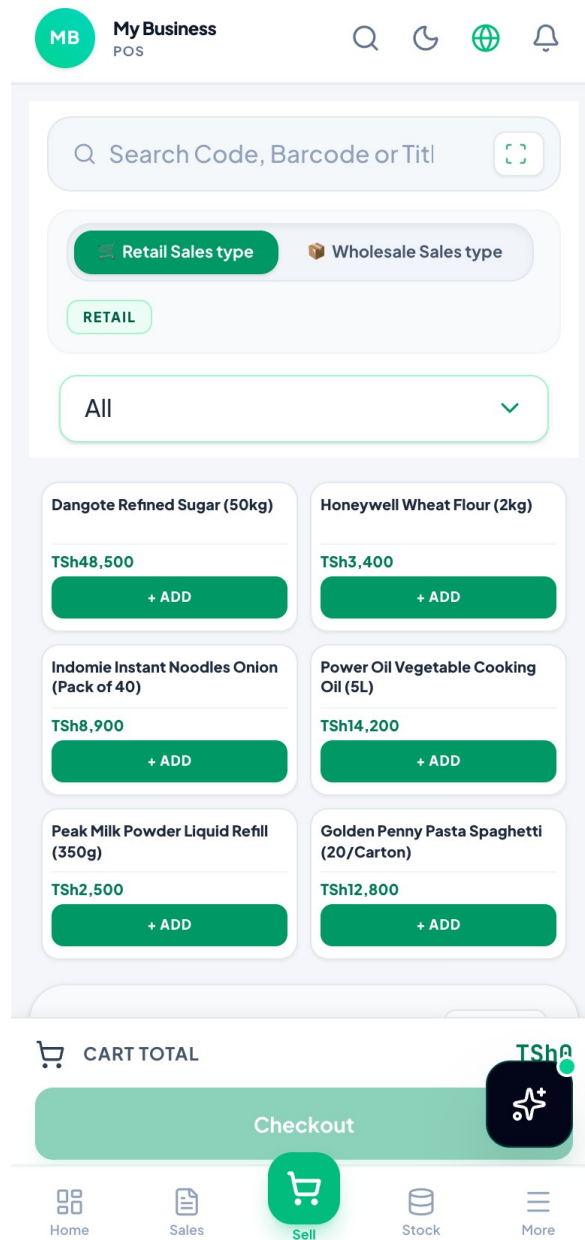

8. Bonyeza “Sales” kwenye bottom navigation.
9. Tumia Search kutafuta mauzo kwa jina, namba au kumbukumbu.
10. Fungua sale kuona bidhaa, malipo na taarifa za mteja.
11. Tumia action inayoruhusiwa na role yako, kwa mfano receipt au return.

KUMBUKA

- Usifute au kurejesha sale bila kuthibitisha transaction.
- Permissions za staff zinaweza kuficha baadhi ya actions.

4. Sell / POS Back to TOC

Screen ya kuuza bidhaa kwa retail au wholesale.

POS ya mobile yenye search, bidhaa na cart.

Hatua kwa hatua

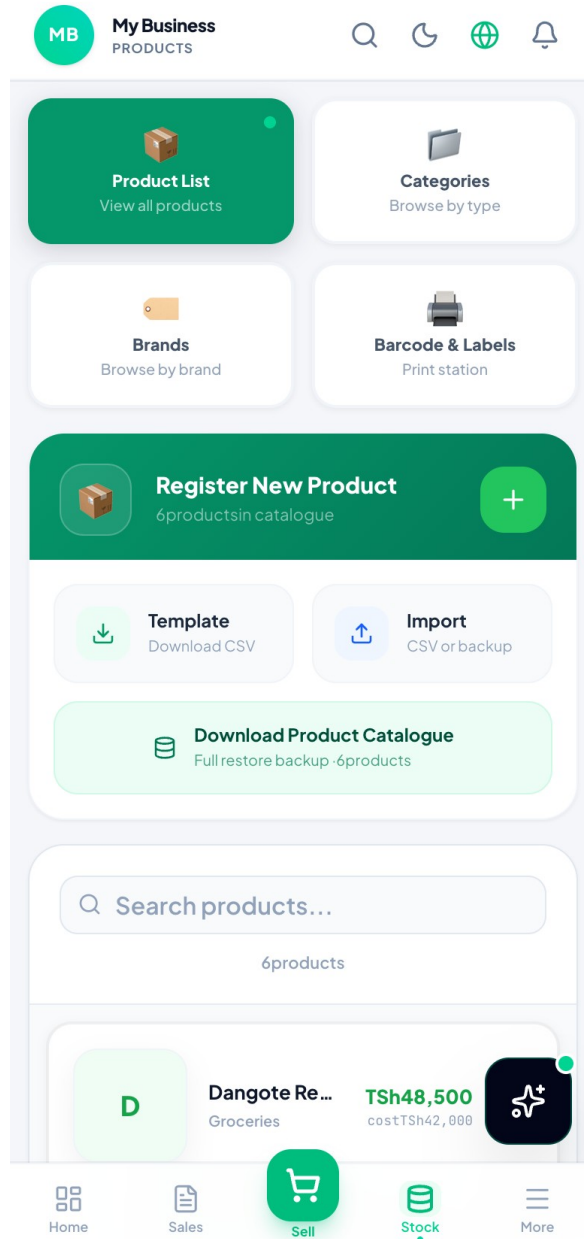

12. Bonyeza “Sell” katikati ya bottom navigation.
13. Tafuta bidhaa kwa jina, code/barcode au tumia scanner.
14. Chagua Retail Sales type au Wholesale Sales type.
15. Bonyeza “+ ADD” kwa kila bidhaa; hakiki Cart Total.
16. Bonyeza “Checkout”, chagua malipo, kisha thibitisha sale.

KUMBUKA

- Thibitisha quantity na bei kabla ya Checkout.
- Ikiwa bidhaa haionekani, hakiki branch stock na spelling ya search.

5. Stock Back to TOC

Kusimamia bidhaa, quantity, bei na stock movement.

Stock screen ya Orvix Mobile.

Hatua kwa hatua

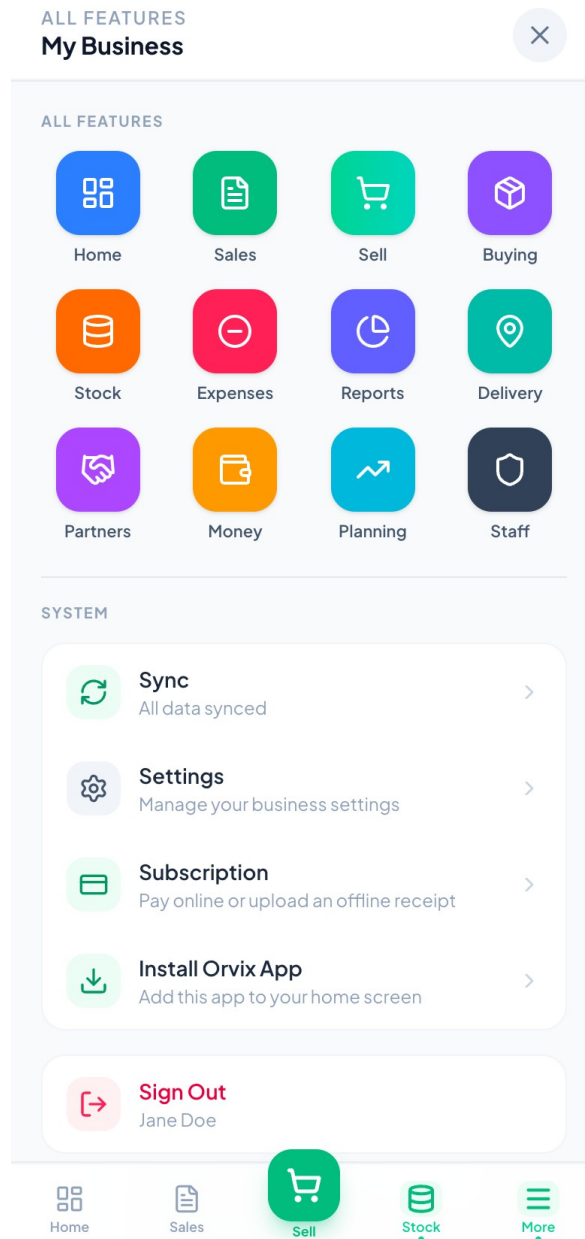

17. Bonyeza “Stock” kwenye bottom navigation.
18. Tumia Search kutafuta bidhaa.
19. Fungua bidhaa kuona quantity, buying price na selling price.
20. Tumia Add/Edit/Adjust Stock kulingana na permission yako.

KUMBUKA

- Mabadiliko ya stock yaingizwe kwenye branch sahihi.
- Usitumie stock adjustment kuficha purchase au sale.

6. More na features zote Back to TOC

Hapa ndipo unapata menu zote za biashara.

More menu: Buying, Expenses, Reports, Delivery, Partners, Money, Planning, Staff na System.

Hatua kwa hatua

21. Bonyeza “More” upande wa chini kulia.
22. Chagua feature unayotaka kwa kugusa icon yake.
23. Tumia X juu kulia kufunga menu na kurudi kwenye screen ya awali.

KUMBUKA

- Menu unazoona hutegemea role na permissions ulizopewa.
- “Sync – All data synced” inaonyesha hali ya data ya kifaa.

7. Buying / Purchases Back to TOC

Rekodi bidhaa zinazoingia kutoka kwa supplier.

Hatua kwa hatua

24. Fungua More, kisha bonyeza “Buying”.
25. Chagua supplier au ongeza taarifa zake.
26. Ongeza bidhaa, quantity, buying price na gharama husika.
27. Hakiki jumla na hali ya malipo, kisha Save/Complete Purchase.

KUMBUKA

- Purchase iliyokamilika inaweza kuongeza stock.
- Tumia invoice/reference ya supplier kwa ufuatiliaji.

8. Expenses Back to TOC

Rekodi matumizi ya biashara kwa category sahihi.

Hatua kwa hatua

28. Fungua More, kisha “Expenses”.
29. Bonyeza kuongeza expense mpya.
30. Weka category, kiasi, tarehe, njia ya malipo na maelezo.
31. Hifadhi na uhakikishe expense inaonekana kwenye list.

KUMBUKA

- Ambatisha ushahidi wa malipo pale unapohitajika.
- Usichanganye matumizi binafsi na ya biashara.

9. Reports Back to TOC

Chambua mauzo, stock, purchases, expenses na faida.

Hatua kwa hatua

32. Fungua More, kisha “Reports”.
33. Chagua report unayotaka.
34. Weka muda: Today, Week, Month au custom range.
35. Chuja kwa branch au category ikiwa option ipo.
36. Soma summary na export/share ikiwa role yako inaruhusu.

KUMBUKA

- Hakikisha date range kabla ya kulinganisha takwimu.
- Report sahihi hutegemea data kuingizwa kwa usahihi.

10. Partners na Delivery Back to TOC

Simamia customers/suppliers na delivery orders.

Hatua kwa hatua

37. Kutoka More, chagua “Partners” kuona customers na suppliers.
38. Tafuta partner au ongeza mpya kwa jina na mawasiliano.
39. Kwa delivery, chagua “Delivery”, fungua order na badilisha status kadri inavyotekelezwa.
40. Thibitisha recipient, address na malipo kabla ya kukamilisha delivery.

KUMBUKA

- Linda taarifa binafsi za customers.
- Usiweke delivery Complete kabla bidhaa kufika.

11. Money na Planning Back to TOC

Fedha, akaunti, makadirio na mipango ya biashara.

Hatua kwa hatua

41. Fungua “Money” kuona cash/bank/mobile money records zinazopatikana.
42. Tumia “Planning” kwa forecasting na mipango inayoruhusiwa.
43. Chagua muda na branch sahihi kabla ya kusoma takwimu.
44. Linganisha entries na statement halisi ya malipo.

KUMBUKA

- Reconciliation ifanywe mara kwa mara.
- Forecast ni makadirio; si uthibitisho wa fedha halisi.

12. Staff Back to TOC

Alika staff, mpe role na dhibiti access.

Hatua kwa hatua

45. Fungua More, kisha “Staff”.
46. Bonyeza kuongeza/invite staff; weka jina, Gmail/mawasiliano na role.
47. Chagua permissions zinazohitajika tu na branch husika.
48. Tuma invite link. Staff aifungue, akamilishe usajili na aingie.
49. Admin anaweza kusahihisha role au kuondoa access baadaye.

KUMBUKA

- Usishirikishe invite link hadharani.
- Staff anaweza kuingia kwenye kifaa tofauti kwa account ileile baada ya usajili.

13. Settings, Sync na Subscription Back to TOC

Mipangilio ya biashara, data sync na package.

Hatua kwa hatua

50. Fungua More; chini ya System bonyeza “Settings”.
51. Badilisha taarifa muhimu tu, kisha Save.
52. Angalia “Sync” kuthibitisha data imeunganishwa.
53. Fungua “Subscription” kuona package, expiry na njia ya kulipa.
54. Tumia “Install Orvix App” kuongeza Orvix kwenye Home Screen.

KUMBUKA

- Usifunge browser wakati mabadiliko muhimu yanahifadhiwa.
- Renew package kabla haija-expire ili huduma isiingiliwe.

14. Msaada na mawasiliano Back to TOC

Timu ya Orvix ipo tayari kukusaidia.

Hatua kwa hatua

55. Andaa screenshot ya tatizo na eleza ulikuwa kwenye menu gani.
56. Taja aina ya simu, browser na hatua zilizosababisha tatizo.
57. Wasiliana kupitia WhatsApp/Simu au Email hapa chini.

KUMBUKA

- Usitume password/PIN kwenye ujumbe wa msaada.
